SPEAKING POINTS FOR THE DEPUTY MINISTER

MEETING WITH MARK LAMARRE, CHIEF EXECUTIVE OFFICER, AND TIM PAGE, VICE-PRESIDENT, GOVERNMENT RELATIONS, OF SEASPAN

Date of Meeting

December 11, 2018

Stakeholder Objective

- The meeting is expected to be a “meet-and-greet”, but Mark Lamarre could raise issues concerning Vancouver Shipyard’s contracts and relationship with the federal government.

Key Points to Register

Sequencing of the Joint Supply Ship ahead of the Offshore Oceanographic Science Vessel

- The Hudson is 55 years old. Coast Guard needs a replacement over the near-term as keeping the vessel in operation beyond 60 years is a serious issue for the Coast Guard.
- Maintaining a science capacity is important to both DFO and the Government. We need to work together to make this initiative work.
